Subject: sharing a one-pager that I just put together with OSP on PFOA/PFOS for Tom Burke
Attachments: PFOA-PFOS one-pager 2_3_2016_LF_clean.docx

Got the request a couple of hours ago. This is now with Tom and Bob, etc.
Tom and Bob are meeting with Matt Fritz (AO) and Joel Beauvais (OW) in a few minutes.
I was honest ☺. The one-pager is not leaving ORD at this point.

Subject: FW: NCEA comments on OWs draft PFOA and PFOS assessments and a press piece and EPA public statement regarding ongoing issues in Hoosick Falls, NY

Hello everyone: Attached you will find comments from NCEA on OWs PFOA and PFOA assessments - these have been transmitted to OW.

Thanks to Glinda, Paul, Erin, Norm and Ted for contributing to the comments!

The questions now are "what is OW going to do with the comments?" and "how do the comments impact Tom Burke's weighing in on the path forward?" I'm working on that!

I know that EPA is very pressed for time and needs to move forward with final Health Advisories ASAP from a public health perspective.

Deliberative Process / Ex. 5

This should bring everyone who wants to follow along up to speed. I will keep you informed...

Lynn

Subject: Time sensitive. Hoosick falls

Tom and Joel. We have a situation where the ny state health dept tested private residential wells and a few have come back below 400 ppt but above 100ppt. A reporter from the Albany times Union wants to know what EPA advises on whether or not to drink the water. Attached is a draft statement. We would like ow and ord to review and then we will share it with Nancy g and Liz p.

Here is the DRAFT FINAL STATEMENT submitted to public and region on Saturday:

Deliberative Process / Ex. 5
